GGA families,

As many of you know, we are hoping to refurbish our children's kitchen this year so we can have a really high quality space in which children can be taught food tech.

As part of our fundraising for this, we are holding a non-uniform day for £1 per child, NEXT FRIDAY (16th October).

Due to Covid, children cannot bring money into the school building, so , if your child comes to school in non-uniform, we will have buckets by the gate and will ask you to drop your £1 (or more) donation into the bucket as your child comes through the gate.

Many thanks for all your support.

The GGA team
