2.	<p>Recipients: Whole School Date: 21-Jan-22</p> <p>Action Required: Information</p> <p style="text-align: center; margin-top: 20px;"><u>Goodbye Mrs Allen!</u></p> <p>We would like to take this opportunity to say goodbye to Mrs Allen and thank her for all the work she has done with the children, families and staff at Grenville. Kate joined our school in 2015 and since then she has worked as a teaching assistant and family worker across the whole school. She has also led the first aid provision, making sure all the children have the correct health care plans and medication in the school. We will miss her so much and we hope she comes back to visit.</p> <p>Thank you Mrs Allen!</p> <div style="float: right; margin-top: 20px;">  </div>																								

3. Recipients: Whole School
Action Required: Information

Date: 21-Jan-22

We have noticed a few children coming to school without having breakfast and we are hoping that we can all join together to encourage them to make sure they understand what an important meal this is!

All the children need their energy first thing in the morning to help them to concentrate and focus as well as enjoy their playtime outside.

This is a great website to find some delicious breakfast recipes if your child would prefer to try something new.

**Reception**

In Reception, we have been playing various turn taking games involving counting, comparing, composition (different ways to make 5) and subitising numbers

Year 1

This week in art, Year 1 have been exploring different materials and textures to use in their mixed media final piece.

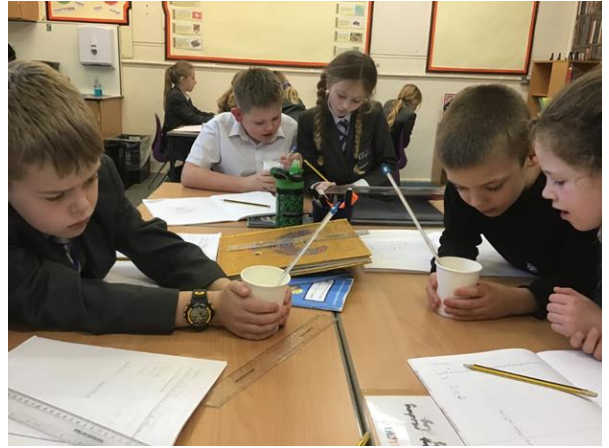

**Year 2**

This week, Year 2 have been learning about Robert Scott's last journey to Antarctica. They listened to the story and sequenced the events, using clues from the pictures.

Year 3

Year 3 have been investigating what temperature ice melts at.

They used careful observation, recorded their results and made conclusions based on what they found.

Year 4

This week in art, Year 4 have been looking at creating different tones using light and shadow, which they will eventually use to create their own planet scenes.

Year 5

Year 5 have been doing some more investigative science. They have been investigating the effects of water resistance and how the surface area of an object increases or decreases the amount of resistance.

Year 6

This week, Year 6 has been using Venn diagrams to sort numbers according to their properties. Each group decided on the properties that they wanted to explore, and the size of Venn needed to sort the numbers.

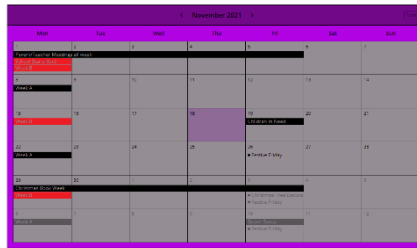

School Calendar

Please note, all school have been able to add an extra BANK HOLIDAY into their calendars due to the Queen's Jubilee and we have chosen to add this on **Friday 27th May**

Please keep visiting the calendar page on our website to ensure you have all the most up to date information.

Friday 18th February - Hot Dog Day

Friday 8th March – Easter Eggstravaganza and Easter Bonnet/Egg Decorating Competition
