

## WHAT'S IT WORTH PLANET EARTH?

Reduce, reuse 'recycle!'(x4)

*Chorus:* What's it worth, planet Earth? Tell me what does it mean to you?

What's it worth, planet Earth? Tell me what are you prepared to do?

1. It only takes a second to turn off the tap, while you're brushing your pearly whites.

It only takes a tick and a flick of the wrist, to switch off unnecessary lights.

This beautiful blue-green paradise should be the pride of the universe.

So whoever you are, whatever you do, Let's put the planet first.

*Chorus:* What's it worth, planet Earth? Tell me what does it mean to you?

What's it worth, planet Earth? Tell me what are you prepared to do?

2. If you're not going far why get in the car? Ride the bus and enjoy the view.

Or why not take a hike, maybe get on your bike? You'll do your health a favour too.

This beautiful blue-green paradise should be the pride of the universe.

So whoever you are, whatever you do, Let's put the planet first.

Reduce: Look for less packaging on the products that you choose.

Reuse: Don't just chuck away something someone else could use.

Recycle: Could your rubbish be reborn as something new?

*Chorus: (X2)*
