

YEAR 6 JANUARY 2021

RESOURCES AND LINKS

Over the next few weeks we will be continuing to learn the ukulele, making sure that we can play the four basic chords confidently, and use them to compose a song.

I've included a chord library in this file so that you can see where your fingers should go for each chord.

Have a look at the UKULALIENS Youtube channel, for Ukulaliens Song Playalongs (Very Easy), but mainly for the Chord Practise Playalongs. Each video plays the open strings at the start for you to tune to, and shows each chord as you play.

https://www.youtube.com/channel/UCZjDV_1UEbVsAQA_gqTyTWw

We will also be exploring at music concerned with Climate Change – songs to sing (lyrics are in this file), and a new piece of music, only recently composed for orchestra and youth choir

Here is the link for BBC Ten Pieces – Earth by Hans Zimmer

You will find a video introduction to the piece, and a film of the performance
